

Cinderella

CAST OF CHARACTERS 10-2-21

We are delighted to announce the casting of Principal and Supporting Roles for Cinderella. Casting for Cinderella is based on auditions and callbacks with an emphasis on musicality and how well we feel each person will be able to convey the story and humanity behind each character, both musically and in the language of the script. At Campolindo, we are blessed with a very rich casting pool of talented and well-trained singers and actors, which means that there are always deserving students who are not assigned the role they hope for. There were many, many “close calls” as we combed through our audition notes and discussed each performer’s strengths. Our bounty of riches allows for a double-casting the entire Principal Cast and the entire Supporting Cast. Our goal is to put together the most entertaining show we can and to give every auditioner the opportunity to shine as a member of the Campolindo Musical Theatre family. Congratulations to everyone who auditioned - and welcome to *Cinderella* 2022.
